**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition because it helped me get usable internet in my apartment for myself and all my roommates. No other providers have been able to offer us internet that allows everyone to use the internet at the same time, but the open competition allowed sonic to offer us better service that works for us at our residence. We're a home of students and can't go without internet in our home. We support broadband competition.
